Reslouton of the Standing Committee.—

"Having regard to the funds available it is not possible to buy a building and dismantle the same for the construction of the District Board Office. Neither the Octroi Katte nor the building now occupied by the Sub-Division Officer, Hassan, can be used for the Office, whatever alterations may be made. The purchase and demolition of either of these buildings would use up from a third to perhaps a half of the funds available. The maximum limit in the contemplation of the Board is Rs. 20,000 which would be just sufficient to provide the necessary accommodation only. A portion of the compound of the present quarters of the District Medical Officer in the north-east corner adjoining the Bangalore-Mangalore road had been selected. Between the witness shed of the Munsiff's Court and the Bangalore-Mangalore high road there is a site available. A more extensive area and a much better site is also available between the witness shed of the District Office and the Bangalore-Mangalore road. Any one of these vacant spaces or any other suitable site that the Government may be pleased to select may be allotted to enable the Board to construct a building for its offices. These alternative suggestions are offered as some solution has to be found early. The site in an unused corner of the extensive compound of the Deputy Commissioner's quarters are undoubtedly the most suitable and cannot interfere with any convenience of appearance and are wholly unused. It was chosen by those best competent to judge as likely and indeed necessary to improve the main approach to the town. The Board however have no special preferences and may be allowed any one of the four, or alternately any one of the vacant sites. They wish to emphasise that they will gratefully accept the allotment site but cannot afford to spend substantial portions of the sums available in and dismantling of buildings.

Resolution.—The Board are also of the same opinion as the S and approve the Committee's resolution.
